services

CONTROL & REGULATION

- Power supply
- Glass furnace and forehearth control systems
- Safety of machinery
- Batch and cullet management
- Data acquisition and processing

- Selection of sensors and actuators
- Siemens PCS7 solutions (programming, tuning and commissioning)

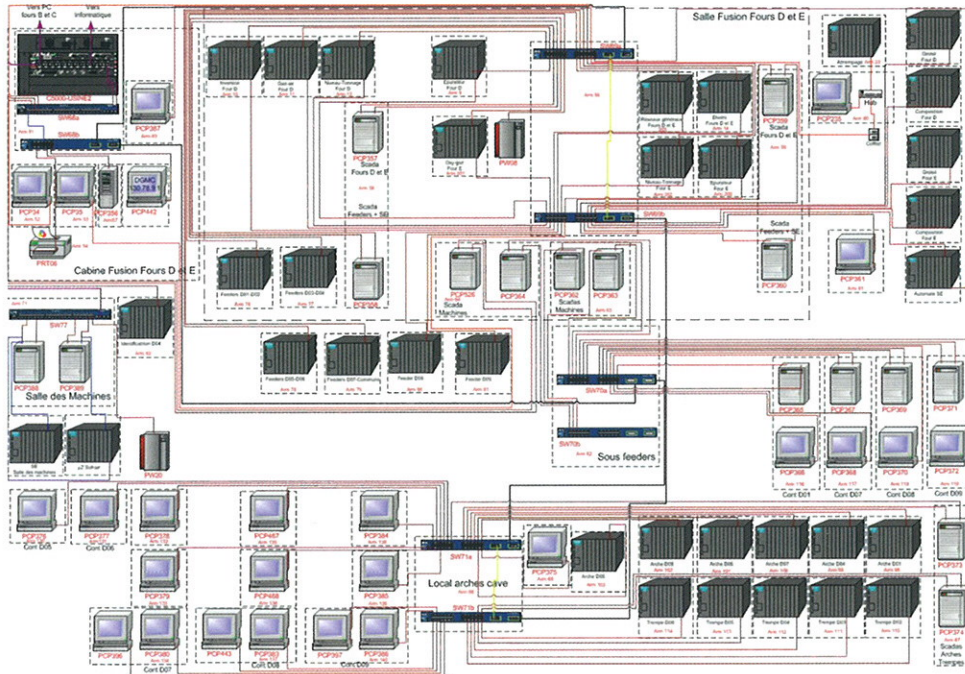

AGMS

ARC GLASS MELTING SOLUTIONS

DATA ACQUISITION

& network design

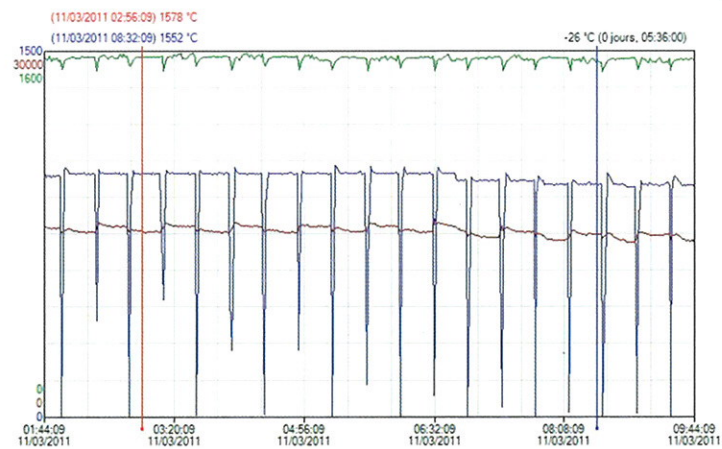

Network data processing and management

- Selection of network equipment
- Configuration
- Commissioning

Data acquisition

- Network design services to commissioning

130.8.9.200 FL_REGULATION_VOUTE_AVANT [Ajusté - 00:00:03.43 089]
