DESIGN FOR PERFORMANCE

**Glass furnace manufacturer of Arc International
world leader in glass tableware and cookware.**

**Our know-how and expertise can
guarantee the supply of high
performance glass plants.**

- Low energy consumption,
- High pull rate,
- High environmental performances,
- Longer furnace life

Our experts
in the glass industry
are proposing the most
appropriate solutions combining
competitiveness and quality.
Services from 'à la carte'
to a 'turnkey' new glass furnace,
AGMS can meet your budget
and provide the best
quality-price ratio.

Tested and optimised furnaces:

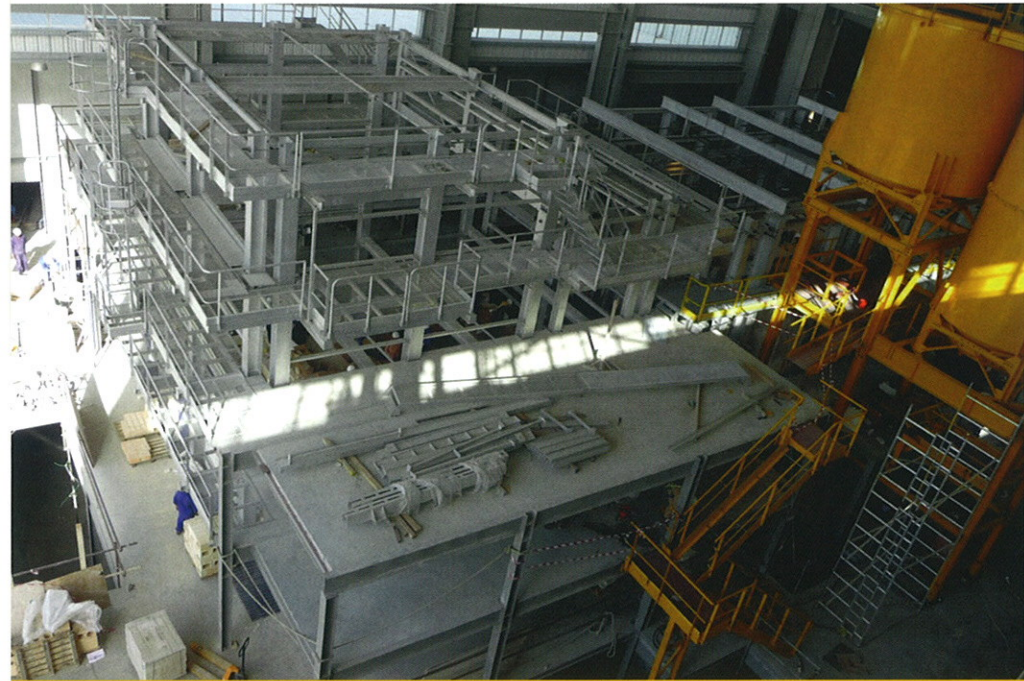

- U-flame and cross-fired,
- Recuperative,
- Electrical with cold top,
- Mixed melt,
- Oxy-fuel furnaces

**AGMS delivers comprehensive
solutions for all types of glass.**
